

Today in the Quad-Cities Store is seized by state

The Illinois Department of Revenue on Thursday ordered the seizure of the Banks General Store, 1104 Logan St., Venice, to recover \$2,183.87 in delinquent sales taxes, according to State Revenue Director Robert H. Alphin.

A seizure warrant was delivered to the Madison County sheriff under a recently-enacted provision of the Illinois Retailers' Occupation Tax Act. The provision, Section 5 (f), permits seizure and sale of assets of a merchant who fails to remit to the state the sales taxes collected from his customers.

Alphin said the debt of the firm will be recovered at auction unless arrangements to pay are made.

"This is one of more than 900 delinquent sales tax payers who have been on our books for years," Alphin said.

"Hearings, reviews and even revocation of licenses haven't stopped some from operating in violation of the law. This new statute enables us to stop retailers from pocketing the sales taxes they collect from their customers."

The failure of a merchant to remit sales and related tax collections to the state, he said, has meant losses to local-level governments. Local sales taxes are collected along with the state tax.

Mr. Harper, a passenger in the vehicle, was pronounced dead at the scene at 2:08 a.m. Saturday by Madison County Deputy Coroner Ed Werner.

Hunt, taken to St. Elizabeth Hospital, was treated for a half-inch laceration to his elbow and then was released.

Another passenger, Mary Lytle, 19, of the 2200 block of Washington, was taken to the hospital and admitted after

Visit by bishop

Bishop Joseph A. McNicholas of the Catholic Diocese of Springfield will meet with priests of the Alton Deanery here Friday.

The meeting will be held at the St. Elizabeth Catholic cafeteria, Johnson and Pontoon roads, Granite City, at 10:30 a.m. Friday.

Bishop McNicholas was installed as the sixth Bishop of Springfield in ceremonies Sept. 3 at the Cathedral of the Immaculate Conception, Springfield.

He succeeds Bishop William A. O'Connor, who retired after serving as the bishop of Springfield for 26 years.

Bishop McNicholas had been serving as auxiliary bishop of St. Louis and pastor of the Old

Cathedral on the St. Louis riverfront since 1969.

Bishop McNicholas' motto, "I come to serve," is inscribed on his crest of office, or coat-of-arms.

He emphasized this motto during his installation as bishop. "We must give ourselves to the people of the diocesan community," he asserted.

His visit with priests of the Alton Deanery is one of a series of meetings in which he will travel throughout the diocese visiting priests, religious and laity.

Bishop McNicholas has plans to visit all schools and parishes in the diocese and will offer Mass in all the churches.

Camelot auction tickets on sale

Tickets for the Joint Granite City Rotary and Noonday Optimist annual Camelot Auction are currently being sold by members of the two service clubs.

The event is scheduled for Saturday, Oct. 18.

Billed as a "social event of the year," the Rotary-Optimist auction will be held at Sunset Hills Country Club beginning at 6 p.m. with a buffet dinner.

Tickets are \$12 each and only a limited number are available.

Dale Campbell and David Fox are co-chairmen representing

the Optimists and Drew Karandjeff and William Burcky head the Rotary committees.

The sale comprises a variety of products and services, contributed to be auctioned to the highest bidder. Items are donated at or below wholesale cost and range in value from \$10 to several hundred dollars.

Proceeds from the event, after costs have been defrayed, will be equally divided between the two sponsoring clubs to fund community projects during the year.

No Nestle settlement

Striking Machinist members of Aerospace Workers District 9 met Thursday to consider whether to remain on strike or to reconsider an offer by the Nestle Co., 2100 Adams St., for a three-year contract.

About 160 union members have been on strike since July 13 against the company, which produces Nestea instant tea.

Negotiating teams for both sides met with commissioners of the U.S. Conciliation and Mediation Service Aug. 7 and Aug. 28, but the talks failed to produce a new offer or a settlement.

W. N. Hemken, business agent for the union, said he called a general membership meeting for Thursday "to get a

consensus of opinion on the strike."

He said, "The consensus of the people was to hold out for a substantially better offer."

A company spokesman said it has not modified its contract offer since the presentation July 13.

He called Thursday's vote "a secret ballot whether to reconsider the original proposal." He said he was told the union members voted 96-42 Thursday not to accept the offer.

An unofficial tally on the July 13 vote showed 81 against it and 43 voting to accept the proposal.

Both sides said they will wait until they hear from federal mediators before requesting another negotiating session.

'Blitz' to aid drive

The two commercial divisions in this year's Tri-Cities Area United Way drive will conduct a "blitz" of commercial accounts and businesses tomorrow as a preliminary fund-raising portion of this year's campaign opens.

The official kickoff for this year's drive is set for Thursday, Sept. 25, with a kickoff breakfast. A goal of \$430,000 has been set for this year's drive and David Fox is the campaign chairman.

Robert Jackson and Donald Van Horn, leaders of the two commercial divisions, will report on progress of the "blitz" effort as part of the breakfast.

The heads of the divisions of this year's United Way drive are undergoing training sessions at the Tri-City Area YMCA, 2001 Edison Ave.

Billy H. Terrell, vice-chairman of the fund drive, is in charge of the training sessions, which began Sept. 10 with the Business Division, headed by Al Jesse. Ways to reach that division's goal of \$28,000 were discussed.

On Thursday, a training session was held for the Industrial Division, which is headed by A. P. Steinhilber. Its objective is \$354,000.

Sessions will continue tomorrow morning with the two commercial divisions. They will start the survey of commercial establishments immediately following that meeting.

The goal of the first commercial division is \$11,887, and the second division has a goal of \$8,129.

A training session will be conducted Thursday for the Civic Division, headed by Granite City Street Superintendent Lionel Portell. A goal of \$20,539 has been set for government workers.

The United Way provides major financial support for 16 member agencies in the Quad-Cities.

Agencies funded through the United Way are the Alcoholism Rehabilitation Community Home, American Red Cross, Arthritis Foundation, Boy Scouts, Catholic Charities, Coordinated Youth Service, Family Counseling Center, Girl Scouts, Tri-Cities Area Association for Retarded, Illinois Children's Home and Aid Society, Madison Recreation Program, Protestant Welfare, Salvation Army, Urban League, Visiting Nurse Association and the YMCA.

Welfare crackdown

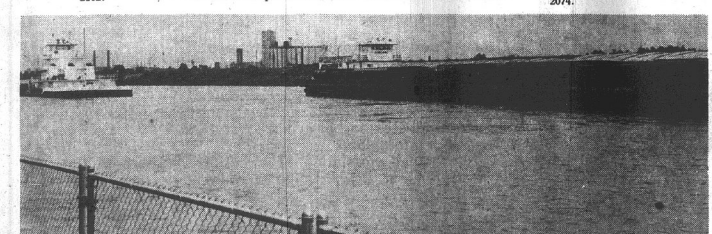

Three Madison County welfare recipients have been found guilty of defrauding the state aid agency out of welfare money, an Illinois Public Aid Department spokesman said Friday.

All three were convicted in July of willfully defrauding the state, a charge that carries a maximum penalty of a \$1,000 fine and one year in jail, it was disclosed. Each had continued receiving excess welfare dollars by failing to report a change in employment that made them ineligible for

assistance, the state alleged. Linda Duniphan, Collinsville, was found guilty of defrauding the state of \$2,684. She was ordered last month to begin making payments on \$840 of the total debt. In addition, she was sentenced to 24 months probation.

Patricia Thacker, also of Collinsville, was convicted of willful fraud after she received \$1,404 in excess welfare money. The Madison County woman was ordered to begin paying back a total of \$600 in monthly

A man who saw two men break into the apartment of Lorraine Hoffstetler, 2501 Washington Ave., called police last week to report the burglary.

The two men were inside the apartment about five minutes and then left through a rear door. The victim returned later and reported a camera, jewelry, \$25 in change and a class ring had been stolen.

One man was 25 years of age, about 5-9 tall, 150 pounds, with sandy blond shoulder-length hair. He wore blue denim pants with a green patch on the back and a white tee shirt.

The other burglar was about six feet tall, 180 pounds and had dark hair.

She will begin making restitution of \$720 of the total, along with serving two years probation, it was announced.

Welfare recipients are required to report any change in basic financial situation — including shifts in family size or employment status — within five days, or prior to the expenditure of funds received.

During the 1974-75 fiscal year — which ended June 30 — 361 cases of welfare fraud were uncovered by the state aid agency's Bureau of Special Investigations were turned over to the state's attorneys for prosecution throughout the state (outside Cook County).

Of those, more than 200 were found guilty and had fines, restitution payments or conditional discharge (probation) ordered. More than \$79,400 in welfare funds were recovered.

State racing law amended

Gov. Daniel Walker on Thursday used his amendatory veto to "tighten a bill to reform the state racing law," including restoring the current law's prohibition against political contributions and gifts from racing interests.

Another proposed amendment would close a loophole in the new bill that would have allowed corporations with felony convictions to form subsidiary companies to obtain racing dates and "would have permitted unsavory individuals to be involved in the operation of a track," he said.

Walker suggested a third change necessary to continue racing regulation during the October 1975 to January 1976 period. As written, he said, the bill would have left the state without a racing board for that period, with no control over racing in Illinois and unable to collect racing taxes.

Most of the changes were based on the recommendations of the state racing board and its chairman, Anthony Sciarano.

SUFFERS HEAD INJURY

Duane Honchak, 18, of 3940 Park Lane, was treated at St. Elizabeth Hospital at 1:30 p.m. Saturday for a cut to the head suffered in an auto accident. X-rays were taken and he was released.

Chase ends in crash, arrests

Two persons were held by authorities following an alleged attempt to cash an apparently bad check shortly after noon on Friday at Glik's Department Store in the Bellemeor Village Shopping Center.

Arrested in the 2300 block of Washington Avenue were Inez Wallace, 26, East St. Louis, and Ronald Triplett, St. Louis.

She was charged with forgery and was held in lieu of \$7,500 bond. Triplett was cited for nine different traffic charges and was detained in lieu of \$5,000 bond.

Charges against Triplett include attempting to elude police, reckless driving in the 2300 block of Madison Avenue, improper left turn and a stoplight violation at West Ponton and Nameoki Roads.

Also, speeding 70 miles per

hour in a 35-m.p.h. zone in the 2400 block of Madison Avenue, stoplight violations at 27th and Madison and at Nameoki and Johnson Roads, improper backing, and reckless driving at Nameoki and Johnson Roads.

A woman had inquired about purchasing a coat and asked if she could cash a check. The woman displayed an identification card bearing a different name. The store manager became suspicious and alerted police.

The woman later became nervous and left the store, leaving the check on a counter.

An off-duty police officer chased an auto allegedly driven by Triplett and occupied by Inez Wallace. The pursuit ended in the 2300 block of Washington Avenue, where the Triplett car struck a utility post.

Two sentenced to prison

Two men were sentenced to prison terms and two persons have been granted probation in Madison County Circuit Court at Edwardsville. The court also completed a jury trial with one man being found guilty of burglary.

James Dukes, 38, of the 2000 block of Edwards St., was found guilty of a burglary by a jury Thursday. A date for sentencing is to be set.

Dukes allegedly was with another man and entered the building of Irvin Mabry, 910½ Niedringhaus Ave., May 27.

Clothing, a television, a radio, a cedar chest, shotguns and shells and a battery charger were among items found in the auto in which Dukes was arrested, it was alleged during the trial.

Alck Weldon, 18, of the 2400 block of Missouri Ave., was sentenced to serve two to six years in prison after being found guilty of burglary by a jury in May.

Weldon allegedly disappeared during his trial and Judge Victor Monce ruled he could be tried "in absentia" without being present. He later was arrested on a bench warrant.

Paul D. Wilson, 30, of 34 Parktowne West, was sentenced last week to serve one to three years in prison after being found guilty in July by a jury on charges of unlawful possession of cannabis and LSD.

He and a woman were arrested at his mobile home in April and officers alleged finding drugs in the home. The woman has been granted immunity in the case.

The court accepted a plea of guilty from Linda Smith, of the 3000 block of Nameoki Road, on a charge of conspiracy to commit arson. She was sentenced to serve two to six years in prison.

Threatened by two men

David Carney, 36 Parktowne West Mobile Home Park, reported at 8:46 p.m. Saturday that two men, one carrying a weapon, came to his home and threatened him.

He said the men knocked at his door and when his wife answered, one man asked for David. When Carney came to the door, one man displayed "nuckchucks," two boards connected with a chain, and approached him.

The first man then said, "It's the wrong David," it was related. When Carney asked them who they were looking for, the first man threatened him, asking him if he was looking for trouble.

He then told the man with the weapon, "Get in the car Dennis. Let's go," police were told. They left in a late model yellow Chevrolet Nova with a citizens' band antenna on the back.

Ballistics

test ordered

Ballistics tests of a .35 caliber automatic pistol have been ordered by Pontoon Beach police in their investigation of the fatal shooting of Larry Wayne Smith, 33, whose body was found in a parking lot at his Gaslight Walk apartment on Sept. 8, it was reported today.

The gun was turned over to Pontoon Beach police by Granite City officers who found the weapon at the scene of a disturbance at Kirkpatrick Avenue early Sunday morning.

Persons involved in the disturbance disclaimed ownership of the gun. Mr. Smith was believed slain with a small caliber weapon.

Officers said two of the persons involved in the disturbance lived near the slain man.

Funeral services for Mr. Smith were held Thursday in Cape Girardeau, Mo.

Restore power at junior high

An electrical problem which held Coolidge Junior High School without power since early last Monday was repaired and service was restored to the school at 5:45 p.m. Thursday. Classes resumed Friday.

Sunlight made it possible to conduct classes without lights Monday morning and on Tuesday and Wednesday, but the school had to be closed Thursday due to the overcast sky which left the classrooms dark.

Workers were continuing during the weekend to repair a broken steam line which has left the school without hot water.

It is believed that steam from the broken line may have seeped into the underground electrical cable, deteriorating the wires and causing a power shortage.

Cut in mobile home taxation

Gov. Dan Walker on Thursday signed a tax relief bill for mobile home owners, cutting in half the tax rate for mobile homes at least 19 years old and cutting by lesser amounts the rate on homes between two and 15 years old.

The bill establishes a sliding scale tax rate to replace the present 15 cents per square foot rate. The new sliding scale ranges from 7½ cents to 15 cents per square foot, based on age of the home.

The bill also gives disabled persons a 20 per cent cut in their mobile home tax. And it extends the 20 per cent tax cut to elderly mobile home owners who earn more than \$4,000 a year.

Currently, only senior citizens earning less than \$4,000 are eligible for that tax relief.

Gov. Walker vetoed two similar bills.

3 indicted

A Madison County grand jury Thursday indicted James Charles Friener, St. Louis, Carl Robert Millstead, and Cletis M. Dotson, Waterloo, on charges of theft.

They allegedly were seen near the Missouri-Pacific Truck Lines trailer at Roosevelt Road and Route 203 in Venice Township Jan. 21, 1974.

The trailer had been raised on jacks, and lug nuts of one wheel had been removed, it was alleged.

The three were indicted in March 1974 in connection with the same case, but those charges were dropped because the indictments listed the victim as the Missouri-Pacific Railroad, which was in error.

The defendants were released after posting a \$500 bond each.

Who should have a Trust?

Nearly everyone. The solid financial planning which a trust provides benefits you and your family both now and in the future.

A trust arrangement should be explored if you have:

- purchased life insurance;
- bought your own home;
- accumulated personal property;
- maintained a savings account; or
- invested in pension or profit sharing plans.

As you can see, just about everyone should consider a trust — more than likely, you should.

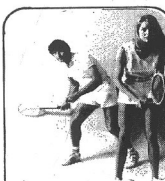

Young or old, you'll find that a trust brings security for your children, and assures that your financial interests are being managed carefully if you become physically unable to handle them yourself.

Sound easy? It is. Simply call First Granite City National Bank — experts you can trust.

Children's events at library

By JEANETTE KAMPEN
of the
Granite City Public Library.

A new program of children's activities, including films and stories, is under way at the Granite City Public Library.

The film, "The First Violin," and a story will be presented for pre-schoolers Tuesday, Sept. 16,

at 10 a.m., in the Children's Department.

"The First Violin" is a fairy tale of a dragonfly who wants to play his new violin but doesn't want to practice.

For elementary age children, GCPL has scheduled the film, "Granny Lives in Galway," on Saturday, Sept. 20, at 2 p.m. in the Children's Department.

On Sept. 23, "The Velveteen Rabbit," for pre-schoolers, will be shown.

This film, based on the 1926 book by Margery Williams Bianco, explores the idea that toys come to life if they are loved enough.

The subject of the Gardeners Garden Club's information center at GCPL this month is nut growing.

On display are various materials with information on nut species, growth requirements of nut trees,

remained high ever since. Leo was awarded the Silver Beaver, a scout council's highest award to a volunteer.

It was announced by Rotarian Tom Voleski that this week the club will discuss the school bond issue coming up for a vote on Saturday, Sept. 27, in Madison.

He spoke to the Madison-Venice Rotary Club at its meeting in the Madison Recreation Center.

"Industry has been major contributor over the years, but this year industries are having increasing financial problems and we need to take a look at other segments of the community for additional support," he commented.

"We won't pick on any one area, as we have the same situation in Granite City, Mitchell and Pontoon Beach, but there are 178 small businesses in the Madison-Venice area and 96 of them don't give to the United Way."

"Last year, of the \$3,000 collected in the Madison-Venice area, \$7,200 of it came from just four accounts."

"Everyone is certainly appreciative of Rotary's pledge to handle the campaign in this area, and I know that with this group behind the drive it will do well here."

Other areas needing to be raised to the fair share level in this drive include the Commercial, Professional, Civic and Construction Divisions, he said. He said, "Success in 1975 will depend greatly on how these areas and divisions respond to the challenge."

Romeo Leo Schermer was honored as "Rotarian of the month."

Jack Friedman, who announced Schermer's selection, said Schermer had been in the club since July 5, 1969, was a past president and for 12 years did the cooking and major planning for the group's yearly smorgasbord dinners.

Friedman said, "A World War II veteran, he was with the invasion forces on D Day. As a boy, he became an Eagle Scout and his interest in scouting has

been a constant throughout his life."

Small business support seen as United Way key

In order to meet this year's \$430,000 goal, the United Way will need to look for increased support from small businesses in the Quad-City area, S. T. "Pete" Nasir, executive director, said last week.

He spoke to the Madison-Venice Rotary Club at its meeting in the Madison Recreation Center.

Rampaging South rebels romp 14-6 past Riverview's Rams

Making believers out of the strong Riverview Gardens gridiron Rams, Coach Stan Wojcik's resurgent Warriors rallied two third-period touchdowns to win 14-6 before an enthusiastic home crowd Friday evening.

Now an independent school, GCHS South still is pitted against powerful Southwestern Conference and non-Southwestern teams but is demonstrating an ability to compete on even terms.

Winless last year but impressive Sept. 5 as they gained a late-fourth-quarter lead before suffering an opening-game loss, the 1975 Warriors improved their record to 1-1 Friday with an effective aerial attack.

Bryan Bunjan tossed South touchdown passes to Jay Huebner and then Tim

Anderson, and kicked both extra points. Penalties (90 yards against Riverview to five yards against South) and fumbles lost (three by the Rams and one by the Redmen) helped turn the tide toward a South victory after a scoreless first half in which powerful punting helped the visitors maintain advantageous field position.

Warrior defense played a big part in the victory despite the Rams' 142-yard production on running plays. Riverview was held to a single pass completion of seven yards and was outgained in the first downs. South clicked on five of 17 passes for 82 yards and gained 94 yards rushing.

The team that the Warriors manhandled was no pushover, having placed first last year in the Interstate 270 Division of the

Suburban North (St. Louis County) Conference with eight wins, a loss and a tie. Over the past eight seasons, the Rams' winning tradition has brought a 59-12-3 record.

Riverview put points on the scoreboard at Granite City this weekend but not until South had crossed the goal with 10:21 left and again with 3:36 left in the third quarter.

The Rams again had possession as the second quarter began. Keith Chapman gave way to Bunjan at quarterback after an ankle injury in the first period. Riverview punched to the Warrior 27 but was pushed back and punted. Five kicks later, South recovered a Ram fumble on the enemy 25; but two runs and two passes failed to pick up a first down and Riverview had the ball on its 13-yard-line as time ran out.

The Warriors eight points ahead, and they were able to withstand all subsequent enemy drives. The first quarter had seen South take the kickoff and reach the 47 before punting. Riverview advanced to its own 31; the Warriors reach their 26 and the Rams march to the South 49.

A run and a pass produced Warrior first downs as they pushed near midfield, but the Rams again had possession as the second quarter began. Keith Chapman gave way to Bunjan at quarterback after an ankle injury in the first period. Riverview punched to the Warrior 27 but was pushed back and punted. Five kicks later, South recovered a Ram fumble on the enemy 25; but two runs and two passes failed to pick up a first down and Riverview had the ball on its 13-yard-line as time ran out.

John Bogosian tackled Quarterback Jeff Walters on an after-TD run attempt, leaving

the visitors took the second half kickoff but Mike Clark recovered a fumble on the Ram 10-yard line. Joe Ward was held for no gain and a pass fell incomplete, but Bunjan then touched down and kicked the extra point.

Riverview was held, punting to the Warrior 18, and the Granite Cityans garnered first downs on the 28 on a Frank Baranica run, the 42 on Bunjan to Ward pass, the Ram 41 on a Bunjan to Anderson pass, the 26 on a penalty and the 16 on a Ward run.

After a run on offense punting the ball on the 15, the Bunjan-to-Anderson combination on the 15-yard line placement kick made the score 14-0, followed by Peoples' explosive TD run.

South had the ball as the fourth period started but punted, and Riverview drove from its 24 to the Warrior 28 before a fumble gave GCHS South the ball.

The Rams later took a kick and moved to their 45, where Doug Hartmann fell on a fumble. South was held and punted to the Warrior 10.

After an advance to the Riverview 13, the visitors got two receivers past all defenders, but a long pass fell incomplete at midfield.

The Warriors advanced into Ram territory with three minutes left but Mike Bennett intercepted. The Rams were 69 yards away from the goal and still had time to make the score closer, but South covered each pass play and Riverview gave up possession on downs.

South successfully ran out the clock deep in Ram territory but

Keith Moran was hurt as time ran out.

Woods, Chillers power football Trojans to 20-14 victory

FIRST TROJAN TOUCHDOWN Saturday afternoon, Madison High School rallied to defeat DeAndreis 20-14. Dwight Chillers (39) is shown sprinting goalward, followed by Kurt Myers (30) of the visiting St.

Louis football team. One of the officials is shown keeping pace with the scoring play, a four-yard run around left end.

Exceptional individual performances that blended with smooth team play paid dividends for the Madison High School football Trojans as they scored early and often to defeat DeAndreis of St. Louis 20-14 Saturday afternoon at MHS.

Quarterback Mike Woods and Back Dwight Chillers led the scoring and also were prominent in statistics for the game, the former gaining 96 yards on eight runs and the latter picking up 64 yards on 17 carries.

Pete Fecurka rushed 12 times for 48 yards, while Dalred Haynes had a 42-yard run and caught a 33-yard pass.

Brian Aevals snared a 23-yard aerial and Curti

Bradley caught a six-yarder as Dwayne

Bochanski chalked up 16 yards rushing.

The only score of the first quarter saw Madison take a 6-0 lead.

Starting from their own 23-yard-line, Coach Al Vonder

Haar's Trojans moved steadily to the enemy four, from which

Chillers advanced around left end for the touchdown. Fecurka aided the march, and at one point Woods scampered 33 yards to the Wildcat 16.

DeAndreis tied the game in the second quarter. With less than four minutes before halftime, the visitors moved from their own 40 to the Trojans 30 and Quarterback Roland Haynes threw to Calvin Tillman. Madison's Chris Horton blocked a kick for the extra point, preserving the tie.

MHS took a 12-6 lead with 7:37 left in the third quarter, Chillers running six yards to climax a drive that began on the enemy 33.

With 6:57 left in the same period, Hayes threw a 35-yard pass to Tillman, who galloped 42 yards for a tying TD. John McRoberts ran for a two-point conversion, giving the Wildcats a 14-12 advantage.

In the fourth quarter, possession changed hands often but Madison finally got rolling and scored with a minute and 37 seconds remaining.

The 28-yard drive ended with a three-yard TD run by Woods,

providing an 18-14 lead, and Chillers then ran the ball across for two more points.

A pass play to Dalred Haynes covering 79 yards was the spectacular prelude to the deciding touchdown.

Hynes and Cedric Wilson helped spearhead the Trojan defense, which was able to stop one of the Wildcat threats with a successful stand on the MHS three-yard-line.

Madison totaled 57 tackles to 48 for DeAndreis.

The Trojans led in first downs 8-7, rushing yards 265-721 and total yardage 337-256. The visitors connected on seven of 19 passes for 186 yards to Madison's three of 13 and 72 yards, but lost two fumbles to MHS.

Nobody's perfect but soccer Cougars almost

In a little over a month, the Coug soccer team of Southern Illinois University at Edwardsville has played 10 games and racked up a 9-1 record in the process.

Over that stretch, SIUE won the International Youth Soccer Tournament championship in Holland to stun world soccer experts. But the home fans haven't seen the Cougars perform yet.

This afternoon, Coach Bob Guelker's SIUE kickers make their home debut in an exhibition game against a touring team from Brazil, Mackenzie University. In regular season play, the nationally fifth-ranked Cougars are 1-1, having dropped a 2-1 heart-breaker Friday to seventh-ranked Clemson on that school's field in South Carolina.

Kick-off time today is 5 p.m. It was almost the national team of Nigeria against the Cougars as Clemson's freshman

Goobin Ogburne, put on an act of sheer magic to rack up both of the Tigers' goals, the first one unassisted and the winner his teammate Chris Nwokocha's pass.

The Cougars' tiny and fleet C. Makowski had tied the game 1-1 on a feed pass from Greg Makowski and the SIUE offense seemed about to take charge. But, just seconds after Cacciatore tied it, a driving rain lashed the field. In the confusion, the Tigers' Ogburne booted in the winner.

Vans, Panama in final series

The 1975 championship series of the Illinois Inter-City Baseball League will begin Sunday, Sept. 21, with Panama meeting the East Alton Vans at 2 p.m. at East Alton.

In yesterday's playoff contests, Panama downed season leader Highland-Pierson 3-2 in the ninth inning, with Marty Dailey taking the win on the mound, and the Vans posted an 8-2 victory over Fairfax. Winning hurler Ron Middleton had a no-hitter going until the final inning.

The Vans' win was highlighted by a five-run sixth inning in which Gerald Schmitt batted a three-run double.

Unbeaten grid Steelers shut out Kahoks, 9-0

By KEN THOMPSON
Press-Record Staff Writer
Color the football Steelers of Granite City High School North "exciting" after Coach Tom Wyrostek's players sparked on both offense and defense in defeating host Collinsville Friday evening, 9-0.

Although Kahok defenders held North to only 19 yards rushing in the first half of play, and to a minus-one on the

ground in the second half, North continued to show the ability to score when points were needed.

Steelers Quarterback Greg Corey's third-quarter over-the-middle pass to Receiver Leo Pelek ended 30 yards away in the hosts' end zone.

Later in that period, Corey's throwing accuracy found the range to David Kwiatkowski with a 32-yard pass play, starting on Collinsville's 43-

yard line and ending on the 10. A short time later, the junior quarterback kicked a 25-yard field goal.

Corey's pass was one of eight completed in 16 attempts, netting the Steelers 10 yards in the hosts' end zone.

Corey guided the Steelers to five first downs in the contest. Collinsville utilized the ser-

vices of two signal callers — Seniors Tom Burg and John Meehan — who earned 37 yards on four completions in 15 attempts.

Two Kahok passers were intercepted by North. The Kahoks had seven first downs in the game, and moved well on the ground for a total of 167 yards rushing.

Fumbles were frequent for Collinsville, the Kahoks losing three to North while recovering four fumbled once and lost possession.

After putting its nine points on the scoreboard, North went into a "preventive defense."

"They needed only two TD's to beat us," explained Coach Wyrostek, "so we just gave them short gains which forced them to eat up the clock. Our defenders were on top of things when Collinsville attempted anything big."

The defense drew cheers from Steeler fans in the first half of play as well as near the end.

Early in the first quarter, Steeler Bruce Wright thwarted a Kahok drive into North territory with a fourth-down tackle of Jerry Ashmann at North's 34-yard-line.

In the second period, after North was forced to punt from its own 48 after becoming bogged down, Collinsville moved the ball from its 22 to the GCHS North 24. There, a field goal attempt was foisted when Steeler Joe O'Gara, Pelek, Richard Schmidt, Kwiatkowski and Bruce Jateff made key tackles, sending the Kahoks into a fourth-down situation.

The three-point attempt fell short of its mark.

On a defensive play, late in the first half, which stopped Collinsville's Ashmann from gaining yardage, North's Tom Stanford, a 5-11, 185-pound tackle, suffered a knee injury and had to leave the game.

North had opportunities to score early in the game, once with a field goal attempt in the second period after recovering a Collinsville fumble at the enemy's 37.

The Steelers drove to the Kahok 19, but two consecutive passes from Corey to Pelek were knocked down by former Steeler James Woodward, and the field goal try was unsuccessful.

Two plays later, a second Steeler field goal attempt was set up when a handoff from Burg was knocked away by O'Gara and downed by North at Collinsville's 10-yard marker. The driving effort ended with a missed kick.

North's third-quarter TD came four minutes into the second half following a Burg

pass interception at North's 42 by Steeler Bruce Wright, who ran it back to the Kahoks 49.

In a second-half attempt, Corey hit Kwiatkowski for a nine-yard gain and then picked up a first down with a quarterback run.

Corey was thrown for a loss of 10 yards on the next play after being hit behind the line by Collinsville's John Smiley. But two plays later, Corey hit Pelek with the long TD pass.

The series leading to the successful Steeler field goal began with 3:06 left in the third quarter. Collinsville had possession on its own 44.

Sophomore Halfback Willie Ahart entered the Kahok lineup for the first time in the game. After taking a handoff from Meehan, who had replaced Burg, he fumbled at the Kahok 49 upon being tackled by Wright and Kwiatkowski.

Collinsville's double-team Larry Schleicher, but Corey crossed up the strategy by hitting Kwiatkowski with the 33-yard pass play to the enemy's 10-yard-line.

A Corey to Pelek pass, with 26 seconds remaining in the quarter, resulted in an advance that was stopped at the four-yard-line on a tackle by Ashmann. The three-point play followed.

Collinsville threatened late in the fourth period, intercepting a Steeler pass on North's 10-yard-line. But a pass interception near the end zone by Pelek thwarted the Kahoks.

Pelek returned the interception all the way to Collinsville's 33. But four plays

and 14 yards later, Collinsville's David Moeck gathered in an interception.

Steelers fans began the game-ending countdown of the clock after North took over on its own 38 with one minute remaining.

O'Gara had downed Ahart in the backfield in a fourth-down running attempt.

Afterward, Wyrostek commented, "I and the other coaches am pleased with the team's overall performance. We stopped them when it counted the most."

Victors in its first two 1975 games after a sparkling 8-2 record in 1974, North will play next at Wood River at 7:30 p.m. Friday.

NORTH HIGH SCHOOL SOCCER player Greg Ely (10) in the left foreground keeps his eye on the ball as the Steelers compete against Maine East Saturday morning.

SOCCER WARRIORS ON THE ATTACK Saturday afternoon. The GCHS South squad shut out St. Ignatius 2-0 in a game on the South High School field. It

was the third victory—and third shutout—in Warrior outings this season.

South divides pair; North in 2 soccer wins

Warrior soccer players took three quarters of play to settle down and put together a team effort Friday evening at Bridgeton, Mo., in a contest with Illinois defending state champion New Trier West, but the last-minute effort failed to overcome a two-goal lead. GCHS South lost 2-1.

At home Saturday, South's defense rallied to hold Chicago's St. Ignatius to only two shots on goal while South attempted to put 28 kicked balls into the enemy's net. South blanked the visitors 2-0.

Granite City High School North's soccer Steelers posted back-to-back victories here Saturday, defeating first Maine East 3-1 at GCHS South Field that morning and Peoria Central 4-0 at Steeler Field that afternoon.

"We were down 1-0 at half-time," recalls North Coach Bob Kehoe, and "then we came out in the third period against Maine East peppering their goal with shots."

Bob Yount garnered the first of North's three third-period goals, putting the ball into the net after a wild scramble at the mouth of the goal.

Kevin Gavlick took a corner pass from Butch Stefanoff for North's second point. Yount, assisted by Gavlick, put the third goal on the scoreboard. Steeler Goalkeeper Rick Demaree was credited with nine saves in the contest, "almost all of them coming late in the final period," said Kehoe.

North, in blanking Peoria, scored goals in three of the four quarters, with two garnered in the second period.

"Although three of the four points," comments Kehoe, "were scored by regular starters, we used many of our reserve players in the contest. That is how sure we were of winning."

Scoring for North were: Perry Hartwick, first period; Tony Cardin and Greg Ely, second period; and Ely, fourth period.

A freshman soccer game Friday at home with St. Dominick of St. Louis resulted in the Steelers blanking the visitors, 1-0.

Against South, New Trier player Biggs scored at 6:38 of the first period and player

Seek operating funds for 4 new buildings

State funds being sought by Southern Illinois University at Edwardsville for the fiscal year beginning July 1, 1976, include operating funds for four new buildings on the SIUE campus as well as funds to implement step-rate pay plans expected to be given emphasis by the legislature and governor.

SIUE will seek \$36,664,700 in state-appropriated operating funds and \$22,414,000 in capital funds totaling \$59,078,700 for the School of Dental Medicine.

The budget requests approved Thursday by the Board of Trustees for fiscal year 1977 (FY77) are part of a Resource Allocation and Management Program (RAMP), a budgeting system instituted by the Illinois Board of Higher Education.

Approval of the RAMP document is the first in a series of steps required in the development of actual operating and capital fund budgets.

The new buildings for which operating funds are sought include the two major office and classroom buildings which are expected to be completed next year, an Environmental Resources Training Center scheduled for construction next year, and the educational television station which SIUE plans to have operational if loan programs and state appropriations to construct the station are passed by the legislature and approved by the governor.

Specific operating requests for the buildings are: office and classroom buildings—\$708,245; Environmental Resources Training Center—\$207,148; and television station—\$398,285.

The new and expanded academic program requests include: \$448,800 for applied arts and sciences, including master of science in biochemistry and clinical biochemistry, doctor of science in computer science in

cooperation with Washington University, master of science in engineering, master of science in environmental studies, bachelor of fine arts, bachelor of science, doctor of arts in physical sciences, Environmental Resources Training Center and expansion of the master science program in urban studies.

—\$364,000 for professional curricula, including new programs offering the doctor of arts in business, master of science in management systems, and specialty certificates in endodontics, pedodontics, periodontology and pathology; and expansions in the doctor of dental medicine, doctor of education and School of Nursing programs.

—\$53,000 for expansion of the Supplementary Instructional Program for an accelerated program in science and technology.

Other needs for which additional operating and maintenance funds are being sought in FY77 include the new Olin Conference and Cultural Center at Alton and additional floors of the Broadview Building at East St. Louis which are expected to be renovated for use by SIUE's East St. Louis Center.

Special funding requests include new and replacement equipment, additional fire protection and liability insurance costs, and moving costs for offices to be relocated.

The \$21,827,000 capital budget request for SIUE lists projects in priority order. Top priority is given to completion of the two office and classroom buildings at a cost of \$259,000.

Other items in descending priority order include: —\$2,123,000 for a tower, transmitter building, equipment, land and utilities for educational television facilities. —\$150,000 to redesign fume hoods in the Science Building. —\$15,000 for completion of renovation of Broadview Building. —\$100,000 to resurface drives and roads. —\$153,000 to remodel and rehabilitate core buildings and facilities for handicapped. —\$100,000 for masonry repairs to four core area buildings. —\$6,225,000 for a physical education building and utility extensions. —\$219,000 for a student theater building. —\$113,000 to remodel the Communications Building theater and auditorium. —\$143,000 to remodel and rehabilitate Wagner Buildings. —\$60,000 for a high service pump for the campus water supply. —\$640,000 for a fine arts building. —\$8,246,000 for a nursing and life science building.

The capital budget request for the School of Dental Medicine includes \$125,000 for a master plan for the Alton center and \$182,000 for renovation of various buildings on the Alton grounds.

The university's operating budget request does not include \$4,601,000 in employer retirement contributions based on state formulas.

Audio-visual name change

The name of the Audio-Visual Services unit of Southern Illinois University at Edwardsville has been changed to Instructional Development Center, according to an information report given by President John S. Rendleman to the SIU Board of Trustees Thursday at SIUE.

The redesignation in title had been recommended by the Governance Council of the University Senate, and Pres. Rendleman indicated his concurrence with the proposal Aug. 8.

Art works of Mexico at GC bank

The First National Bank of Granite City in cooperation with the Mexican-American Cultural Commission of Metro St. Louis

is presenting an exhibition of paintings and prints during Mexico Week, Sept. 15-20. The works exhibited

represent Mexico as seen by area artists Paul Marquis and Blythe Baebler, and will be on display in the main banking area.

Paul Marquis is widely-known for his painting in oils which has won him top awards in portraiture and landscape. His works are in public and private collections both locally and in Mexico, as well as in Spain, Switzerland and Australia. Marquis taught painting for a time in Guanajuato, Mexico.

Blythe Baebler, vice-president and art director of a St. Louis advertising agency, has received many awards for graphics design. In 1966 he was named St. Louis Art Director of the Year. His avocation is the study of pre-Columbian history and culture of Mexico, including the language of the Aztecs, Nahuatl and Mayan.

Mexico Week, or "Semana de Mexico" in Spanish, is sponsored by the Mexican-American community of the bi-state metropolitan area in observance of the 165th anniversary of Mexico's independence.

The 1970 census figures indicate that there are about 15,000 Spanish-speaking persons in Madison County, most of them of Mexican descent, commission officers advised.

May reconsider tax rate boost

An attempt may be made at the Madison County Board's October meeting to return last week's action at the September board session. The board decided to collect taxes in 1979 and 1977 for a "working cash fund" tax rate of 2.5 cents per \$100 assessed valuation.

Outnumbered opponents in the 265 affirmative vote excluded Nameoki Township Supervisor Louis Whittell and H. Jack Franden of Albion.

The two-year tax may raise about \$250,000 each year.

Foes said the county's existing contingency fund contains about \$280,000, regarded by them as possibly enough to permit two years of year borrowing to their funds without resort to a working cash fund. A 1975 state law raises the maximum general fund tax rate from 10 to 12.5 cents for two years only.

The increase is called identical to one allowed in 1969 and 1969 under special legislation designed to aid counties without allowing a permanent tax increase.

The increase will require the owner of a home assessed at \$10,000 to pay \$250 more per year in taxes.

Opposing the measure besides Whittell and Franden were Roger Eblie of Wood River, James Greene of East Alton and Homer Henke of Mero.

Michael Semanish of Maryville first voted in favor of the tax increase and later tried to change his vote after the fund's purpose was explained to him. His attempt to change his vote was ruled out of order.

Franden later said he believes any member should be allowed to bring the matter up at the County Board's next meeting in an attempt to rescind the tax. Whittell said he feels the vote may be different when board members learn more about the issue.

In other action, the board was told by Madison County Auditor John L. Kraynak that interest on the \$4 million raised by sale of bonds for the proposed new county jail now totals \$101,000.

and, he believes, the interest alone will be sufficient to make the payments due on the bonds in 1979 of \$215,000.

Kraynak said the interest will not be used for this year's bonds payment because taxes will be collected to make this year's payment. No such tax should be necessary next year.

Many board members expressed disagreement with state-mandated tax assessment equalization rules and the board voted to hold joint meetings of the taxation, land use and executive committees to attempt to resolve the matter.

The board took particular exception with a soil survey map inaccurate, was poorly prepared and will have the effect of making farm assessments "unequal, not more equal," according to some board members.

It was said that remedial state legislation probably will be required and that the board should keep in close contact with state senators and representatives.

The possibility of the county conducting a soil survey also is to be discussed. It is estimated the survey would take two years to complete and could cost about \$200,000.

Marshall crash

Mrs. Nelly Nicol, 32, of 3010 Marshall Ave., was injured when her car and the auto of Imogene Holbrook, 75 Kaseberg Park, Pontoon Beach, collided at Marshall and Wilson avenues last week.

Imogene Holbrook was charged with failure to yield the right-of-way at an intersection.

Mrs. Nicol was taken by ambulance to St. Elizabeth Hospital with injuries to her neck, head, back and both shoulders. A series of x-rays was taken and she was released.

In other action, the board was told by Madison County Auditor John L. Kraynak that interest on the \$4 million raised by sale of bonds for the proposed new county jail now totals \$101,000.

Retain tuition waiver policy

No changes in policies regarding tuition waivers at Southern Illinois University at Edwardsville are being recommended by SIUE officers, according to a report submitted Thursday to the SIUE Board of Trustees.

The report was accepted by the board along with a similar report from SIUE at Carbondale. The report was in response to a board request for a review of the institutional tuition waiver program in terms of its effectiveness in attracting students, its equity and distribution, and its compliance with board policy.

Emil Jayon, assistant vice-president for special programs and minority affairs at SIUE, said efforts are under way at the university to conform the award of tuition waivers with levels authorized by the Board of Trustees.

The SIUE report indicates more than half of special program students would not be in school if tuition waivers were not available.

An effort is being made to maintain the authorized level of students in the program by encouraging them to obtain Illinois State Scholarship Commission awards.

Arrested on trail bike

A 16-year-old Granite City boy faced four charges after police alleged finding him on a stolen motorized trail bike at Edwards Street and Winters Drive last week.

Officers said they chased the boy on the cycle into a field behind the Anchorage homes before stopping him. They noticed that the ignition of the motor had been tampered with and was "hot wired" to bypass the key lock.

Since the youth said another boy had loaned him the trail bike, an investigation was initiated to determine who stole the bike. It had been reported the previous day from John Stephens, 3020 Wayne Ave.

The juvenile boy was charged with fleeing and not having a driver's license, a city license or valid registration.

Concurrent sentences said to encourage financial crimes

Illinois Attorney General William J. Scott on Thursday called for stronger state laws to deal with financial crimes. He suggested legislation to give judges more discretion in issuing sentences.

Scott specifically cited the instance of Stanley Goldblum, former president and chairman of the board of Equity Funding Corporation of America, who pleaded guilty Sept. 10 in DuPage County Circuit Court to

violating the Illinois Insurance Code. Goldblum was sentenced to one-to-three years in prison.

Scott said, "It's incredible that a man whose deliberate acts have taken the life savings of thousands of people can only be sentenced under Illinois law to a term of one-to-three years in prison. That kind of sentence compares to one given a person who steals a supermarket shopping cart."

He also criticized present state laws that call for sentences given in related incidents to be served concurrently, rather than consecutively.

Scott said such a provision encourages people contemplating large financial crimes, such as the Equity Funding case, to expand the crimes as much as possible.

Goldblum is presently serving a federal term, and is under sentence for a state conviction for forgery, in connection with his operation of Equity Funding.

The attorney general said he will encourage specific legislation to raise any financial crime to a "class three felony," calling for 1-to-10-year prison sentences, with any crime involving \$50,000 or more to be regarded as a "class two felony," with a 1-to-20-year prison sentence.

Scott also said the present Illinois fines of \$10,000 for financial crimes should be removed, so that judges can issue fines in relation to the gravity of the offense.

He said his office could be even more effective in fighting major financial crimes if new legislation is also enacted that clarifies and strengthens his jurisdiction in such matters.

An official of Clark Hardfacing reported he saw a truck which was loaded with scrap and metal stolen from the Clark Hardfacing property the previous two days.

Other metal items had been disappearing occasionally for some time, he said.

The official spoke with the truck driver, who said he was on his way to a local scrap industry to sell the metal; he was not detained, but the official called authorities about the occurrence.

When police checked, the sale of the load had been completed and the truck driver had departed.

Included were shells, a quantity of carbon steel, a sprocket and other items.

Sells stolen scrap metal

Granite City police are investigating the sale of a truckload of metal, believed stolen from Clark Hardfacing Co., 2080 Edwardsville Road, during the past few days and sold last week to a local scrap industry.

An official of Clark Hardfacing reported he saw a truck which was loaded with scrap and metal stolen from the Clark Hardfacing property the previous two days.

Other metal items had been disappearing occasionally for some time, he said.

The official spoke with the truck driver, who said he was on his way to a local scrap industry to sell the metal; he was not detained, but the official called authorities about the occurrence.

When police checked, the sale of the load had been completed and the truck driver had departed.

Included were shells, a quantity of carbon steel, a sprocket and other items.

Graduate faculty membership no longer will be automatic

Policies governing membership on the graduate faculties of Southern Illinois University will be determined in the future by the graduate faculties at each campus, according to an amendment of statutes adopted Thursday by the SIUE Board of Trustees, meeting at SIUE.

Previously, board statutes automatically made all professors and associate professors, engaged in teaching and research, members of the graduate faculties at the two SIUE campuses.

University officials said the Graduate Schools at both Edwardsville and Carbondale have experienced "substantial development" since the provision in the statutes concerning membership originally was adopted.

A board staff spokesman said the need for a change in the statutes was recognized at both universities during the 1974-75 academic year, and development of the amendment was coordinated by faculties and administrators of both Graduate Schools.

Vaughn J. Lindsay, dean of the SIUE Graduate School, explained, "In most American universities, membership in the graduate faculty is obtained through a selective process, and this amendment orients the SIUE and SIUC graduate faculty memberships in that direction."

WED. Private First Class and Mrs. Gregory A. Sarich, whose wedding took place at the West 22nd Street Baptist Church. The former Miss Vicky Ann Smith, the bride is a daughter of Mr. and Mrs. Robert Smith, 2656 Highway 67.

Vicky A. Smith marries Pfc. Gregory A. Sarich

Vows were exchanged by Miss Vicky Ann Smith and Army Private First Class Gregory A. Sarich at 7 p.m. on Aug. 30 in a double ring ceremony, performed by the Rev. W. L. Showers at the West 22nd Street Baptist Church.

White satin bows marked the pews and multi-colored flowers and greenery adorned the altar for the candlelight service.

The bride is a daughter of Mr. and Mrs. Robert M. Smith, 2656 Highway 67. Parents of the groom are Mr. and Mrs. John Sarich, 2100 Richmond Ave.

Vocalist Mrs. Cindy Mahoney, accompanied by Robert Gay at the piano, sang "For All We Know" and "My Cup Runneth Over With Love."

Mr. Smith escorted his daughter down the white carpeted aisle and gave her in marriage. She chose a full length gown of ivory sateu peau fashioned with an empire bodice of Chantilly lace over satin. Tiny white satin buttons enhanced the bodice and the wide cuffs of the long lace sleeves.

Floral Venice lace formed the high neckline and her full skirt was accented with a detachable chapel train of Chantilly lace secured with a tailored bow.

She wore an elbow-length veil of bridal illusion arranged in three tiers and attached to a Juliet headpiece of lace and veils. She held a cascade of white carnations and baby's breath, intermingled with multi-colored blossoms.

Maids of honor Miss Diane Harris, a niece of the bride, and the bridesmaids, Lisa and Linda Sarich, the groom's sisters, were dressed alike in rainbow hues of green, yellow and lilac.

The gowns were made with sweetheart necklines, full puff sleeves and deep, gathered flounces at the hemline.

Each attendant wore a white picture hat and carried a bouquet of carnations and baby's breath in colors to match her attire.

Assisting with the games and refreshments were Kimberly Bowers, a sister of the honoree, and Cindy McFall.

Decorations were carried out in a Raggedy Ann and Andy theme.

Guests attending included Andrea Suarez, Patti Mitchell, Dawn McKinney, Lisa Misturak, Kimberly Crow, Carolyn Alexander, Michelle Nesbitt, Michelle Williamson, Amy and Lisa Willard and Theresa Traxler.

Advance reservations are to be made with Beth Lowe, medical director's office at Belleville Memorial Hospital, or by calling 233-7750.

Roundtable rescheduled

A cub scout roundtable meeting has been rescheduled for 7:30 p.m. Tuesday at the First United Presbyterian Church, 22nd Street and Delmar Avenue, in the upstairs rooms over the church office, next door to the church, Mrs. Pat Foote, publicity chairman, announced today.

Guest speaker will be Robert Nann of the Granite City Fire Department and the meeting theme will be "Tall Tales." Mrs. Foote said additional information on the 1975 "school night for scouting" will be available at the meeting.

Mrs. Partney heads Division of Chamber

The Women's Division of the Tri-Cities Area Chamber of Commerce held an election of officers for the 1975-76 year Thursday evening at Charlie's Restaurant.

Presiding was Mrs. Mary Jessee, vice-president, in the absence of Miss Dorothy Davis, president.

Those elected were Mrs. Jane Partney, president; Mrs. Billie Schuler, vice-president; Mrs. Norma Schroeder, secretary; Mrs. Jessee, treasurer; and board members, Mesdames Kay Hall and Martha Kisser. Continuing as board members are Mesdames Pauline Seebold and Mary Blankenship.

Speaker for the evening was Mrs. Nan Henderson, president of Church Women United. She explained CWU projects, which include:

1. Blood program — A percentage of the members of member churches contribute blood to the Red Cross, uniting any member of the church and the immediate family to receive blood during the year when needed.

2. Friends in learning — Citizens of the community give tutoring to students once a week. There is a need for additional tutors, it was noted.

3. Nearly new clothing center — Clothing contributed to the center is distributed free of charge to needy children in the community. No items of clothing with holes in them are accepted. Money is needed for purchasing new shoes and undergarments.

4. Christian Rural Overseas Program — This is a program geared to furnishing people overseas with food and items for growing food.

5. Birthday party — Once a month, representatives to Church Women United from various churches visit nursing homes in the Quad-Cities and hold a party honoring the residents who have birthdays that month.

6. Layette — Any baby born at St. Elizabeth Hospital and who will not have clothes to go home in is furnished a layette.

Mrs. Henderson asked for help for the CWU by all those "who care about people in our community."

Others present for the meeting included Mesdames Alice Dumoulin (teacher St. Elizabeth School), Mary Sedekun, Lois Winter, Barbara Duffin, Emylee Alford, Marie Szymek, Ann Ganz, Delores Waelch, Charis Vunovic, Kay Pomeroy, Betty Miles and Dr. Felicia Koch.

'Dracula, Baby' to be given —when else?—this Halloween

Dracula will be lurking in the night in Granite City this Halloween. He will be his old ghoulish self in the East Bank

Players' production of "Dracula, Baby." The musical farce based on the story of Count Dracula. The

characters follow those in the original book. The major parts have been cast, with Dan McGee in the title role of Dracula; Michael Sharp as Dr. Seward, head of the sanitarium; Paul Guzzardo as Renfield, who loves to eat "spiders"; Jim Fensterman as Dr. Van Helsing, expert vampire exterminator; Beverly Addington as Sylvia, the witch; Vicky Melton as Lucy, Dracula's chosen wife-to-be; Larry Libby as Arthur, Lucy's fiancé; and Carmen Byrne as the nurse secretly in love with Dracula.

Delay in Chouteau highway staff pay

There was a "payless payday" last week for most employees of the Chouteau Township Highway Department, as new tax funds collected for the department were used to pay off \$30,000 in outstanding tax anticipation warrants.

Employees hired under the Madison County Manpower Grant will receive their checks from the county.

The highway department was about \$87,000 in debt at the end of the fiscal year and a total of about \$100,000 in taxes is anticipated.

Additional taxes received from Madison County Treasurer George Musso may enable Highway Commissioner James Bates to pay the employees this time without borrowing, but it was not known initially when that money may be received.

Estes could not ask the Chouteau Town Board of Auditors last week to approve a

new tax anticipation warrant because the levy for the new tax year was not certified until later in the week by the county.

The Town Board of Auditors told Estes that the last \$30,000 the department received had to be used to retire the last of the outstanding tax warrants, and not enough remained in the road and bridge fund or special hard road fund to meet the payroll.

If Estes decides to seek a new tax warrant, it will be retired from the first taxes received from next year's tax collection in the spring-summer of 1976, it was noted.

Township officials reported warning that if overtime was paid to Manpower Grant employees, there would not be enough money remaining to meet the highway payroll. It was suggested that the commission trade regular time off for some weekend work performed in cleaning a ditch. However, it was decided to pay the overtime instead.

Children's clothing is sought at center

Donations of clothing for all ages of school children in the Quad-Cities are needed by the Nearly-New Clothing Center, it was announced today.

The Nearly-New Clothing Center for School Children, a volunteer organization sponsored by Church Women United in the Quad-Cities, receives gifts of clothing from the community, in turn received as gifts of clothing by those students who have such a need.

Donations of clothing may be dropped off at the clothing center, located at the Venice Homes, Fourth Street and Hampden Avenue, Venice, Tuesday mornings only, from 9:30 to 11:30.

Other clothing dropped points are located at Central Christian Church, 2029 Johnson Road, 876-0532, and the Coordinated Youth Services office, 1255 Niedringhaus Ave., 876-2383.

Students are referred to the center by school counselors,

school nurses, social workers and other professional people who work closely with children.

These professionals then fill out an application form for needed clothing items for the student, and a Church Women United volunteer schedules appointments for the requests to be filled.

Mrs. Vanetta Leimkueller and Mrs. Joyce Schrader, CWU chairwomen for the Nearly-New Clothing Center, have requested that items donated be in good, usable condition.

Gifts of cash also are needed at this time to purchase shoes, undergarments, jeans and some gymnasium supplies.

Checks may be made out to: Church Women United for Nearly-New Clothing Center. The checks can be mailed to the CWU treasurer, Mrs. Ruth Todd, 4827 Warnock Ave., Granite City. All such donations are tax deductible.

New retail theft law topic at workshops

"Shoplifting, error, internal theft and Illinois' new Retail Theft law will be the topics of day-long workshops for Illinois retailers," Hugh E. Muncy, president, Illinois Retail Merchants Association, reports.

IRMA is sponsor of five regional Shrinkage Control Workshops scheduled for Rockford Sept. 24, East Moline Oct. 2, Centralia Oct. 7, Decatur Oct. 8, and Chicago Nov. 5.

All sessions will last from 9 a.m. to 5 p.m. "Retail thefts continue to increase at an alarming rate," Muncy comments. "Losses to Illinois merchants amount to approximately \$2 million each day."

"Not only are these losses costly to merchants, but they add to the price consumer goods and greatly increase the cost of law enforcement and court services — all unnecessary burdens placed on the consumer."

The workshops will focus on problems retail management faces in relation to store thefts. A portion of the workshop program also will be devoted to interpretation of Illinois' new Retail Theft law, which becomes effective Oct. 1.

Workshops are scheduled for the early fall period to enable merchants to be adequately prepared for the pre-Christmas shopping season, traditionally the heaviest store theft period, Muncy says.

The inventory loss prevention clinics are a continuation of the association's on-going efforts to reduce market place crimes. All retail management and

supervisory personnel are being invited to participate. Reservations may be made through the IRMA, 36 S. Wabash Ave., Chicago 90003, 312-726-4600. The registration fee for each workshop is \$20.

After games were played and prizes were awarded a buffet luncheon was served to 55 guests.

Miss Miller, a daughter of Mr. and Mrs. Donald Miller, 3009 Sunbury Ave., will be married on Sept. 19 to Michael Richardson, son of Mrs. Josephine Richardson, 2912 Iowa St., at Sacred Heart Church.

Carol A. Frazier and Terry Suhre are wed

Miss Carol Elaine Frazier and Terry Arthur Suhre exchanged wedding vows in an evening ceremony on Aug. 2 at Calvary Baptist Church.

The Rev. Prince Claybrook performed the double ring ceremony at 7 o'clock in a candlelight setting.

Organist Marilyn Ciesler accompanied Sharon Ruelter as she sang, "Sunrise, Sunset," "Wedding Song" and "The Lord's Prayer."

Parents of the bride, James L. Frazier and Mrs. Elene Frazier, both reside in East Alton. The groom is a son of Mr.

and Mrs. Arthur Suhre, 2246 Grand Ave.

A full-length gown of white jersey knit, featuring an A-line skirt which extended into a chapel train, was worn by the bride.

Tiny Venise lace appliques created an intricate design on the bodice of the gown, edged the stand-up collar and accented the long sleeves and cuffs.

She wore a Juliet cap to hold in place a fingertip veil bordered in Venise lace, and held a bouquet of white roses, daisies and stephanotis intermingled with baby's breath.

Matron of honor Mrs. Deonna Harding, a cousin of the bride, selected a formal-length mint green jersey knit dress enhanced with a white lace trim on the bodice and the short sleeves.

Her floral bouquet was composed of white daisies and baby's breath.

Jon Bates attended the groom as best man. Larry Suhre, a cousin of the groom, and Jim Frazier, the bride's brother, seated the guests.

Chris and Cindy Eldridge, nieces of the bride, distributed rice packets. Cary Eldridge, a nephew, was in charge of the programs.

Sherry Brueggeman presided over the guest book at a reception held at the Veterans of Foreign Wars Hall in Wood River.

Mrs. Frazier, mother of the bride, appeared in a blue knit gown and jacket ensemble. The groom's mother, Mrs. Suhre, chose a pink chiffon over taffeta dress. Both had corsages of white roses and baby's breath.

The rehearsal dinner was served at the Moonlight Restaurant in Alton.

A graduate of Southern Illinois University at Edwardsville, the bride is now teaching a third grade class in the Bethalto School system.

Her husband earned his bachelor of science degree and master's degree in counselor education from SIUE. He now works for Reese Drug Stores. The newlyweds are residing in Granite City following a wedding trip to the Tan-Tar-A resort in Missouri.

Harold Stewarts mark 45th year

Mr. and Mrs. Harold (Alta) Stewart were honored on the occasion of their 45th wedding anniversary at an open house given last week in their new home, 1890 Courtenay Blvd.

Arranging the affair were the couple's son-in-law and daughter, Mr. and Mrs. Roger Basarich of Granite City.

The honorees greeted more than 100 well-wishers at their home during the afternoon. Guests were served punch and cake by Mrs. Steve Basarich and Mrs. Andrew Basarich.

Miss Susan Basarich, a granddaughter, and Miss Patty Basarich were in charge of the guest book.

Mrs. Stewart is employed as cashier in the cafeteria at Grigsby Junior High School. Her husband retired 10 years ago from Mallinckrodt, Inc. St. Louis.

Following the open house, a buffet dinner was hosted by the Roger Basarichs for family members at their home, 1733 Bremen Ave.

Among the out-of-town guests were Mr. and Mrs. L. E. Sheppard of Freeburg, Ill.; Mr. and Mrs. Robert Jansen and family and Mr. and Mrs. Clifford Sheppard, all of St. Louis; Mr. and Mrs. Robert Film of Dorsey, Ill.; Mrs. Sam Meyer of Warrington, Mo.; Mr. and Mrs. Virgil Schneider and family of Belleville; Mr. and Mrs. Samuel Meyer Jr. and family of Edwardsville; and George Schnyder of Troy.

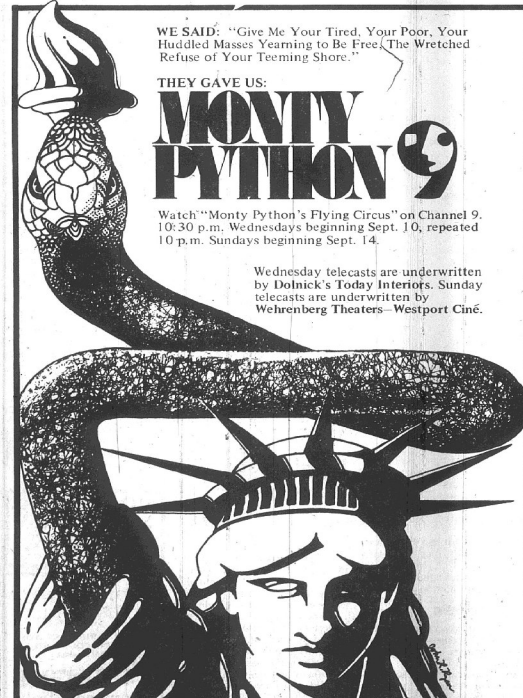

Mrs. Scaturro is club hostess

Mrs. Shirley Scaturro, 41 Riviera Drive, was hostess to the Granite City Chapter of the United Astrological Society at a meeting held last week in her home.

Tentative plans were discussed for an October hayride, and the next meeting will be on Sept. 23 at the home of Jerry Peters in Glen Carbon.

Others attending were Tom Richards, Joan Builderback, Diana Bowles, Sharon Tyler, Sondra Downing, Jerry Peters, Brenda Rains and guests, Wanda Beard and Irene Nelson.

NEW HOME of American National Life Insurance Co. is on Nameoki Road in the Crossroads Plaza Shopping Center complex. The company relocated here after 30 years in East St. Louis.

Offer of ride checked, man is 'exonerated'

Being a "good Samaritan" can sometimes be dangerous. At 2 p.m. Thursday, a Briarwood Drive area man offered a five-year-old neighbor girl a ride to school since it was raining. And for several hours, police were searching for him as a suspect in what the family thought was an attempted kidnapping.

The mother reported her daughter was standing across the street from her home on the sidewalk awaiting a friend who was to take her to school. The mother was watching from the doorway when a new pickup truck, containing two men, stopped and the passenger in the truck tried to talk to the girl into the truck.

It was thought that when the men noticed the mother in the doorway across the street, the passenger got back into the truck and the men drove away. As police were investigating the case, the mother found out that a neighbor had purchased a new truck which had been unfamiliar to her and had offered the girl a ride to school.

Lake PTA to meet Tuesday

The PTA executive board met Tuesday evening at Lake School to complete plans for the first meeting of the new year at 7:30 p.m. Tuesday, and a candy sale, scheduled to begin on Sept. 18, said "bigger and better awards" will be offered pupils with top sales in the candy project.

Plans were reviewed for a chili supper and Halloween costume event. Others at the planning session were Principal Edward Gowan, David Johnson and Medames, Virginia Duccini, Sue Grable, Dorothy Phelps and Staretta Johnson.

Open insurance office

After 30 years of operation in East St. Louis, American National Life Insurance Co. has relocated its office in Granite City at 3171a Nameoki Road in the Crossroads Plaza Shopping Center complex.

Announcement of the opening of the new office was made Friday by Tom Canada, district manager for American National.

He explained that the company offers broad life and health insurance plans. Automobile and homeowner protection will be available in the near future.

"We are happy to be in our new location and hope we can provide the best possible service for our customers in Granite City," Canada concluded.

Harizal empowered to submit board motions

The Southern Illinois University Board of Trustees voted unanimously here Thursday to allow non-voting student trustees to make and second motions. The resolution was recommended by Chairman Ivan A. Elliott Jr.

Shortly after the resolution was adopted, the Southern Illinois University at Edwardsville student representative, John P. Harizal Jr., of Granite City, introduced the first motion considered by the board.

Elliott pointed out that the SIU Board was the first university board in Illinois to allow student trustees to attend advisory sessions and to serve executive sessions and to serve

on board committees, Elliott said. In stating the rationale for adoption of the resolution, the chairman commented, "The resolution authorizes non-voting student trustees to make and second motions."

"It will thus perpetuate the stated policy of the chair and other members that any subject which student trustees wished to be placed before the board be moved and seconded by voting trustees at their request, by this modification of board rules, we may legally dispense with the middle-man."

"Harizal, 21, is a journalism major. He served as editor of the student newspaper, the Alestie, in 1974-75.

Shots hit TV, miss 2 persons

Five shots were fired into the home of Ray Mercer, 2314 Grand Ave., at 9:25 p.m. Thursday while he and a friend, Edna Friesley, 2725 Buxton Ave., were watching television. The bullets struck Mercer's 450 color television set and some came close to the two persons inside, causing them to flee into another room.

Mercer reported he heard glass break in the front door and the shots then started. After the shooting, a man outside was heard to say, "Now call the police," followed by an obscenity.

**We Do Everything for Vacationers
—but Babysit**

It's surprising how many ways we can help make your vacation carefree. First, you may need a Personal Loan to cover expenses. Next, we offer Travelers Checks to protect your funds against loss or theft. Then there's our Bank-by-Mail Service which means you or your agent can make deposits while you are gone. And, of course, you'll want a Safe Deposit Box where you can safely leave your valuables—everything except the baby, that is!

There are other ways we can help should you plan a more extended absence. But whether you are gone for a week—or a year—let our Vacation Service relieve you of worrisome details. And remember, we offer these same personal services throughout the year to make your living carefree as possible.
